# Our Company

**From the Director, Smilepad Hygiene India Pvt LTD** With a rich heritage dating back to 2002 as 'Prasuti Gold Maternity Care,' a trusted name in India's maternity care, we have a legacy of excellence in hygiene and healthcare. Building on this legacy, SmilePad embarked on a journey with a mission to provide quality disposable hygiene products across India.

Over two decades as Prasuti Gold, we've not just understood the market; we have immersed ourselves in it. We've listened to the needs and concerns of countless individuals, healthcare providers, and families. We have witnessed the evolving landscape of hygiene and healthcare, and through this journey, we have honed our expertise to create the highest quality disposable hygiene products. Our commitment is not just based on years; it's a testament to our dedication to your well-being. SmilePad continues to evolve, drawing from this invaluable experience to provide you with the quality and care you deserve.

**Mr. Jairam Shetgaonkar**

Director, Smilepad Hygiene India Pvt. Ltd.

# Who We Are

At SmilePad, we are steadfast in our pursuit of uncompromising quality and expansive reach. Rooted in the legacy of Prasuti since 2002, India's most trusted maternity care brand, we instill a profound sense of trust and reliability in all our offerings. Our presence spans across the nation, making SmilePad synonymous with excellence in maternity homes, old age homes, vending machine operations, personal hygiene stores, and healthcare distribution.

## Sanitary Napkin Vending Machine

- 
- The best part of these vending machines is they are helpful for those women who can't afford their monthly expenses of buying sanitary pads.
  - They provide easy access to sanitary napkins while helping minimize bio-medical waste and incidences of infection among girls and women during menstruation and post-delivery periods.

---

## Sanitary Napkin Incinerator Machine

- 
- The machine is used for disposing of various heavy and light weight sanitary pads.
  - It is a new and advanced sanitary pad disposal machine that could get rid.
  - The machine adopts professional design and high-quality parts to ensure stable performance.
